It's done, but not yet submitted, because I've talked some folks into playtesting it on Sunday, and I might have a last chance to tweak it before midnight.

It's Oscar Wilde, the game! Enjoy!

... and updated, post playtest. "A Bite at the Castle" was the title of the play, and it was an Oscar Wilde farce with vampires, and werewolves, and love. It went really well; I've futzed with some bits of the token economy and the use of props, hopefully for the better, but these are minor tweaks. Submitting it now!
